## Collecting

Gregor Blickenstorfer has been collecting for 30 years. His passion is the cranes from Liebherr. In order to enjoy his models unhindered he displays them on open shelving ...

Thomas Wilk shines a light on the Caterpillar DW10 in 1:24 by Reuhl, a further chapter on the early model's history. Of course, he does not short change on the description for the matching scraper trailer #10 ...

## Models

The Hamm H 7i has been released in four versions. They are available with cabin or roll over protection cage as well as with smooth or pad foot rollers ...

It would be hard to surpass the prototypical functionality of this small but fine model of the Mecalac AS 900 in 1:50 from Conrad. Its qualities appeal to collectors and deliver a whole lot of great play value ...

## Current

On the occasion of their jubilee, Conrad indulged themselves by producing a real Büffel (Bison), to the delight of all collectors: The B90 tracked bulldozer ...

Cars on Dioramas? Nothing simpler than that, one would assume. But anyone who has tried to do it runs into the problem of differing scales. Markus Lindner shows us what is possible and what is less so ...
